

THE CONGRESSIONAL AWARD ALUMNI ASSOCIATION

Mission Statement

Welcome to The Congressional Award Alumni Association! You are now part of a vast network of influential, inspirational, and diverse Award earners.

The National Office hopes to continue to give you meaningful experiences and benefits in your post Award journey. Whether you are a recent Award earner or were part of the first class of 1983 we are happy to help grow and tell your story.

The goal of our Alumni Association is to connect Award earners, provide career building tools, access to Board Members and other mentors, as well as continue to help you uphold The Award pillars: Voluntary Public Service, Personal Development, Physical Fitness, and Expedition/Exploration.

Our network is continuously growing and there is always a way for Award earners to get involved and benefit!

Benefits
